Superior **RPSF** & **FLAKES** Manufacturer

ABOUT US

Sandberry Fibretech Pvt.Ltd. is a renowned Recycled Polyester Staple Fibre Company proclaiming our position as one of the top-most manufacturers and exporters of high-tenacity Recycled Polyester staple Fibre (RPSF) & PET flakes manufacturer in India. By making quality Recycle polyester staple fibre from hundred percent post consumer pet bottles. We are also helping to save environment. Through which we enable the use of millions of used plastic bottles into superior grade eco-friendly products. Through our consistent and innovative approach, we ensure to regenerate polyester fibre that stand out for its excellent Properties with performance.

VISION

Our vision is to create a sustainable and environmentally conscious future by becoming a leading force in waste PET bottle recycling. Through innovation, collaboration, and cutting-edge technology, we strive to set new benchmarks in PET bottle recycling, ensuring that every bottle is given a new life while reducing the environmental impact of plastic waste.

MISSION

Our commitment to excellence extends to all aspects of our operations, from manufacturing to customer service. We have highly skilled and motivated team which is committed in delivering world class service and thus driving our company success. With our topmost quality specification, we are expand our reach globally and serving customers requirement in different regions and industries

36000 metric ton pet waste recycled annually

Guaranteed : Lowest Fuse, Fibre,
Highest Tenacity

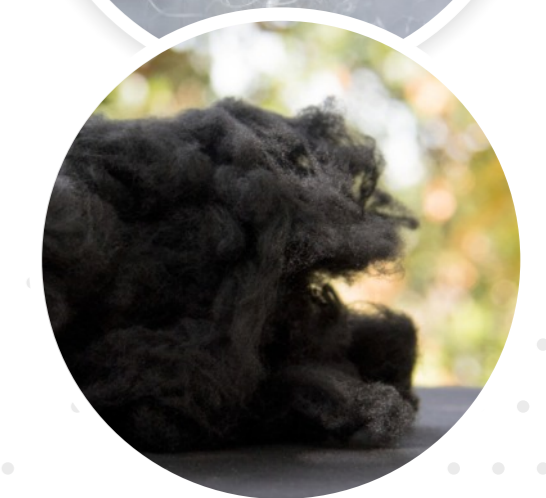

01

▶ Recycled Polyester Staple Fiber

RPSF with Highest tenacity and lowest fuse in Solid fibre is produced at our company. Our RPSF consistently meets top-notch standards and certification.

All fibres are available in Off white, Super off white, Vanilla white or Milky white, Black and Jet-black colour.

We have produced wide range of solid high tenacity RPSF in cut length of 28mm,32mm,44mm,51mm,64mm in denier from 1.0 to 3.0. With an annual production capacity of 30,000 MT, our company is equipped to meet your bulk requirements efficiently.

02

▶ Pet Flakes

We are manufacturing high quality premium grade recycled PET Flakes from the PET Bottle Waste.

We maintain continuous quality parameters with minimum contaminations. Pet flakes are produced using advanced washing line to get minimum impurities as an output we deliver flakes quality of 50 ppm to 150 ppm. Foreign plastics like labels and caps are also removed while manufacturing PET Flakes from used PET bottle.

Application :

Pet Sheet, Monofilament, Pet Strap Etc..
